

Rohit Sehgal Computer Science Major Mathematics Minor	Rohit Sehgal 13432 Lakeshore Drive, Clive, Iowa Phone: 515.724.2794 Email: rohitsehgal1998@gmail.com Website: http://rohitbsehgal.github.io
Skills	Advanced: Web Development, Java, Networking Completed Computer Science Classes: Com S 227 (Java), Com S 228 (Data Structures), Com S 230 (Discrete Computational Structures) Current Computer Science Classes: Com S 311 (Design and Analysis of Algorithms), Com S 327 (Advanced Programming Techniques)
Experience	Webspec Design / Developer (Intern) MAY 2014 - JUN 2015, Des Moines, Iowa As a Web Developer at Webspec Design, I was responsible for converting a PDF template of a website into a fully functioning website, and then converting the website into a WordPress site, so that clients could easily update the contents on their website. I got this internship as a sophomore in high school, and had to leave my junior year due to time commitments with school and attending more hackathons. Dominos / Delivery Driver OCT 2016 - MAR 2016, Clive, Iowa As a Delivery Driver at dominos I was responsible to deliver items to customers in a timely fashion, while maintaining professionalism. I learned to work closely with a team of drivers to plan deliveries, and schedule work days. Iowa Cubs Baseball / IT Intern MAY 2018 - AUG 2018, Des Moines, Iowa As an IT Intern for the Iowa Cubs I was responsible for learning the layout and functionality of all the hardware and software that goes into running a baseball stadium, and working with different departments to fix any technical problems that arose. I also worked on a website that mapped the fiber network of the stadium, and a data migration project which helped the Iowa Cubs retain their client data through a switch in companies that handled their ticket processing.
Education	Iowa State University / Sophomore (Computer Science Math Minor) AUG 2017 - MAY 2021 (Current), Ames, Iowa I am currently enrolled in Iowa State University, I am taking classes that will challenge me, while helping me to complete my degree in a timely manner. I am involved in greek life as a way to help network, and pass time, and also many intramurals. Valley High School / Diploma AUG 2013 - MAY 2017, West Des Moines, Iowa As a student at Valley high school I took classes that would help me with my goals in life, including AP computer science as a sophomore, and a year of computer science classes at Des Moines Area Community College, as a junior.
Awards	1st Place Hardware / MHacks JAN 2015, University of Michigan, Ann Arbor Won MHacks hardware with a bluetooth candy dispenser, which would dispense candy by connecting to a device via bluetooth and dispense candy if the user correctly answered questions.
